-

Education

Full Stack Web Development Certificate

CareerFoundry | 2023-2024

Professional Experience

Mortgage Industry - December 2009 – Current

Mortgage Loan Consultant New American Funding

Aug 2023 - Present
Kirkland, WA

- **Partner Engagement with diverse professionals:** Actively network with real estate agents, financial advisors, and insurance agents to build strong referral relationships. Creating effective networking events and client appreciation initiatives.
- **Provided innovative solutions:** Proactively leveraged the company's toolbox of corresponding lenders and broker options to provide out-of-the-box solutions for clients and realtors, tailoring loan products to meet unique needs and overcoming challenges in the lending process.

Mortgage Loan Originator KBHS Home Loans

May 2022 - Jul 2023
Bellevue, WA

- **Originate Home Loans for KB Home Builder Clients:** Worked closely with home buyers to secure financing for their new homes, ensuring the loan structure matched both their needs and the builder's requirements.
- **Creative Problem Solving in Overcoming Obstacles:** Demonstrated flexibility and resourcefulness when faced with unforeseen challenges, such as low appraisals, by leveraging KB Home's promotional offerings and restructuring loan parameters. This allowed me to effectively adjust pricing and financing options, ensuring a solution that met both the client's needs and the builder's goals.
- **Teamwork:** Collaborated with KB Home's internal teams to implement creative sales strategies and adjust loan terms when necessary, ensuring deals were closed and met project deadlines despite potential roadblocks.

Previous Related Experience

WDS Global – Verizon Wireless Lead Tech / Trainer

Aug 2005 – Dec 2006
Kirkland, WA

- **Provided high-level customer service:** handling escalation calls from data coordinators to resolve complex issues efficiently.
- **Trained and mentored teams of representatives and new hires:** ensuring they were proficient with new products, services, and updated processes.
- **Mentored employees through hands-on guidance:** facilitating a smooth transition for trainees during their initial call experiences and instilling confidence in their roles.
- **Collaborated with cross-functional teams:** to uphold Verizon Wireless standards while maintaining a customer-focused approach.
